## GETTING OUT OF THE SWAMP

### AUTISM: THE JOURNEY BACK TO HEALTH WITH HEILKUNST

#### **Saturday Morning:** Creating a Road Map

There are no simple solutions, but there is a roadmap out. Hear the founders of the Hahnemann College/ Clinic for Heilkunst, Patty Smith and Rudi Verspoor, authors of *Autism: The Journey Back - Recovery of the Self through Heilkunst* describe the systematic approach to removing the underlying causes of autistic spectrum disorders. This is the only way to truly cure these challenging cases and to restore health. Learn about all the various triggers for autism and related disorders and how this knowledge can often work when nothing else does.

#### **Saturday Afternoon:** Vaccinations: The Danger and the Alternatives or "A Little Jab will do ya."

Vaccines: never has so much been promised to so many with so few benefits resulting in so much harm. Learn how and why vaccines are an assault on the immune system. Learn why they can trigger autism and what you can do to reverse the damage. Learn about safe, natural measures you can take to build immunity.

#### **Sunday Morning:** Working Together/Building Community

There are many approaches and therapies out there, and more arriving on the scene each month. How do we know what will work? Will other therapies interfere with, or complement, Heilkunst? We will examine various approaches currently used to treat autism and how they interact with, or complement, Heilkunst, such as the SCD and other diets, HBOT, Secretin, chelation, the DAN! protocol, and others.

#### **Sunday Afternoon:** Putting It All Together, or When the Rubber Hits the Road

Presentation of several fascinating cases by both parents and practitioners, with time for questions from the audience. This is where the weekend comes together and you can see the promise - past, present and future of Heilkunst. The swamp can be drained, the children can be saved, but it is hard to realize this when you feel you are deep in the swamp and up to your proverbial ass in alligators. Now you can gain a new perspective and realistic hope for the removal of autism and similar conditions.

A copy of the book, "*Autism: The Journey Back - Recovery of the Self through Heilkunst*" is included in the conference fee.

***We look forward to seeing you at this conference which may change your life, or the life of a child, a patient or a friend. In any event, you will not leave untouched.***
